

# JDE Add-On Solutions

## What are JDE Add-On Solutions from RMB Global?

RMB has developed enhancements for clients that extend and improve on the already world class JDE solution. Built upon our deep expertise in the areas of equipment maintenance, inventory management and procurement, these enhancements allow you to maximize your productivity.

**Struggling With Parts Availability for Work Orders?**

### **Eliminate missing parts:**

- Eliminate the problem of parts that “disappear” after they’ve been received.

### **Know exactly how many parts you require:**

- Time sensitive ordering logic ensures you get the parts you need when you need them

### **Order only what’s really required:**

- Purchase orders based on work order quantities make sure there’s real demand for the parts you buy

### **Stop rescheduling work because of missing parts:**

- Eliminate the problem of parts that “disappear” just before the work order is due to start.
